Copenhagen, 1st. of August 2018

www.sensorist.com

Sensorist partner up with the leading Pharmacy supplier in Polen.

Sensorist, have made an exclusive agreement with Omnic in Polen within the Pharmacy sector. Omnic is the leading distributor of control and measurement equipment on the Polish market. The new distributor is an exclusive representative of high quality and valued global brands. The deal will make Sensorist products even more accessible to Pharmacy businesses across the country.

"Through the agreement with Omnic, we will get a much better exposure within the Pharmacy market in Polen. By introducing the Sensorist wireless sensor temperature monitoring system in Polen with Omnic we will keep increasing visibility and sales momentum. It now becomes easier for Sensorist to introduce new products, and it will be easier to participate in bigger projects. We are confident that this agreement will further strengthen our position as the preferred partner in the field of IoT easy-to-use wireless temperature monitoring solutions" says Stiig Larsen, Sales Director, Sensorist.

Omnic launched in 2018 a new online store as a new sales channel in addition to the existing activity carried out since 2003 under the name Centrum Pomiarów (Measurement Center). Omnic specialises in devices used to measure and record temperature, humidity and other physical quantities. Omnic focuses on high quality and modern products, guaranteeing users the simplicity of use and reliability of daily operation.

Tomás Trocki, Commercial Director at Omnic adds: "The agreement with Sensorist is a great development for us. The Sensorist products gives us the product we have been looking for to cover the fast growing temperature monitoring market within the Pharmacy sector. Sensorist have a truly innovative product for wireless monitoring of temperature, humidity for both small and large enterprise business solutions. We have a complete setup in our offices, so we can demonstrate the features of the system either in person or online. There will also be an opportunity to get the Sensorist products presented by our Sales Consultants all over Polen or at the Polagra Tech Fair from 30.09 to 4.10.2018.

The agreement between Sensorist ApS and Omnic takes immediate effect.

Sensorist in brief
